

JOINT CAPABILITIES STATEMENT

Atlas Technical Consultants and OLH Inc. formed a strategic joint venture partnership through the SBA's Mentor/Protégé program. Our collective expertise and integrated team of environmental professionals combine complementary skills with a nationwide network of resources to serve our clients.

- OLH, a small, woman-owned firm, brings more than 30 years of experience specializing in project and construction management services for federal and public agencies and private clients to the partnership.
- The Atlas family of companies has more than 80 years of collective experiences providing professional testing, inspection, engineering and consulting services from more than 100 locations nationwide.

The Atlas-OLH JV team brings a legacy of providing consistent quality and results, creating a better experience at every stage of your projects. We have connected the top experts in the industry to deliver value from concept to completion and beyond. This means doing everything our clients expect and then raising the expectations in a way that only our people can.
